

SUPER IMAGING 2011

International Symposium on Super-Resolution Imaging 2011

超解像国際シンポジウム

Date & Time: December 12, 2011, 9:00am~6:30pm

Venue: Okura Actcity Hotel Hamamatsu

Sponsors: JST CREST, Japan Society of Laser Microscopy

Invited Speakers:

Winfried Denk (Max-Planck-Institute for Medical Research, Germany)

Two-Photon Microscopy (tentative)

Tony Wilson (University of Oxford, UK)

Confocal Microscopy (tentative)

Masud Mansuripur (University of Arizona, USA)

Plasmonics (tentative)

Pakorn Kanchanawong (National Univ. of Singapore, Singapore)

3-D Superresolution Microscopy of Integrin-based Cell Adhesions

Peter Calton (Kyoto University, Japan)

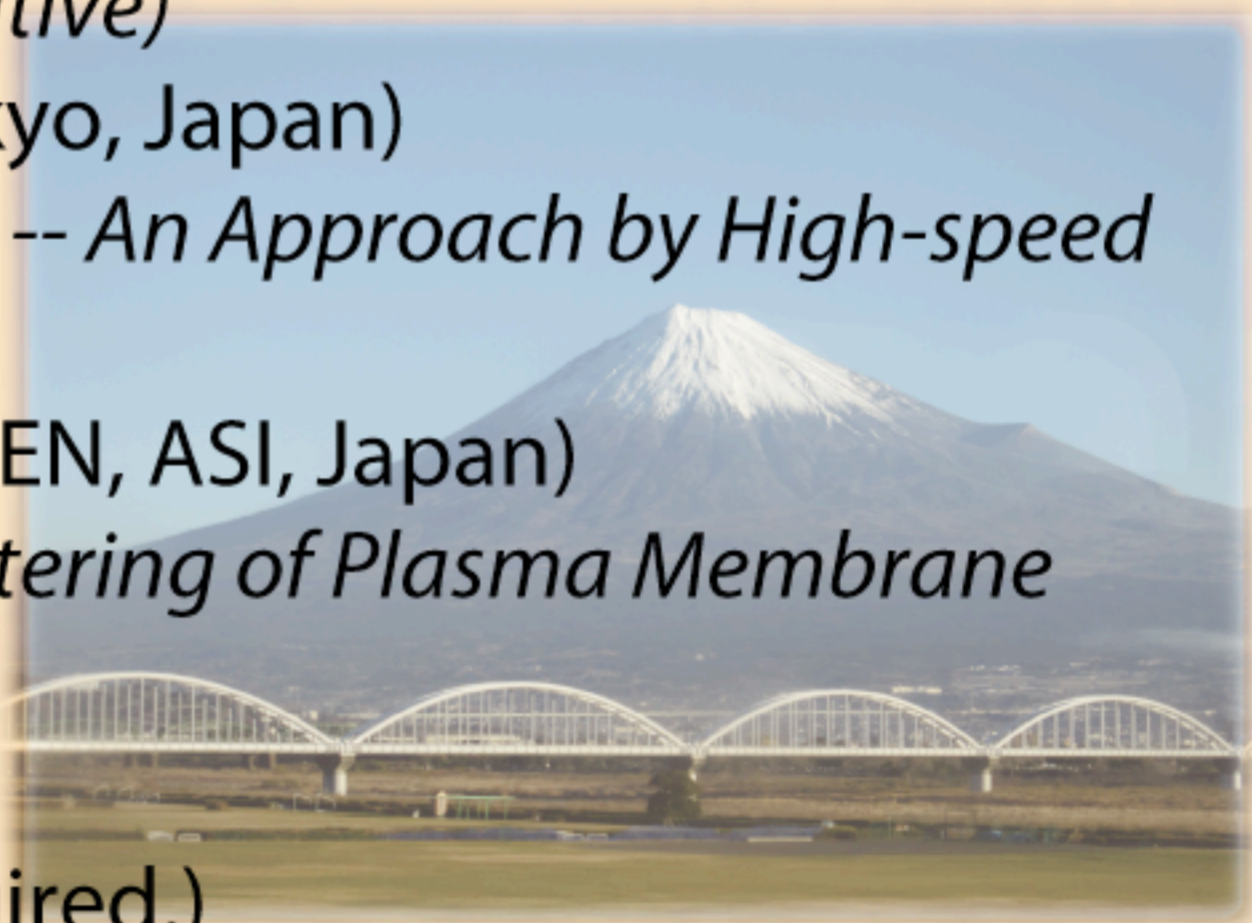

Structured Illumination Microscopy (tentative)

Akihiko Nakano (RIKEN, University of Tokyo, Japan)

Live Imaging Beyond the Diffraction Limit -- An Approach by High-speed and High-sensitivity Confocal Microscopy

Yasushi Sako and Michio Hiroshima (RIKEN, ASI, Japan)

Super Localization Microscopy of the Clustering of Plasma Membrane Receptors

Registration Fee: Free (Banquet cost is required.)
